

NUIX NEO LEGAL FOR EARLY CASE ASSESSMENT

Elevate your Early Case Assessment (ECA) strategy and gain a competitive edge with the Nuix Neo Legal solution. Stay on schedule and within budget by swiftly pinpointing responsive data. Navigating case challenges is faster, easier and smarter with AI-powered insights delivered by Nuix Neo Legal.

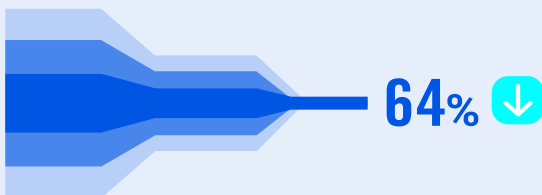

Legal departments are under pressure, to make fast ECA decisions, struggling under the weight of huge volumes of data and constrained by limited resources. Legal teams need to review information faster, without overlooking crucial evidence. Understanding case materials and potential risk factors has been overwhelming – until now.

Nuix Neo Legal's intelligent workflows empower legal teams to streamline ECA processes, reduce data for review and can highlight case risk factors from the outset. By accurately reducing review data, in-house council can efficiently conduct their ECA, review similar cases and their outcomes and make data driven decisions on case strategy, identify gaps and inconsistencies in evidence and more. On average, across 50,000 cases, Nuix Neo Legal's advanced data reduction capabilities have reduced data by 64%, reducing wastage in the review stage – saving review time and hosting costs.

DATA REDUCTION

On average Nuix Neo Legal achieved a 64% decrease in data to review. Minimizing waste while optimizing time and expenses.

FAST-TRACK YOUR EARLY CASE ASSESSMENT

Understanding case materials and extracting unique insights are integral to gaining a competitive advantage when pursuing legal action and settling cases. With Nuix Neo Legal organizations can:

- > **Analyze Case Data** – unlock a complete understanding of your case with Nuix's powerful AI. Leverage keyword search analysis, data mining, concept clustering and predictive coding to gain a clear, strategic review of your case.
- > **Identify Gaps** – quickly highlight inconsistencies in your collection or a production from opposing council. Identify data missing from key custodians, an important timeframe, topic or event.
- > **Minimize Risk** – uncover and analyze similar cases and their outcomes in your ECA. Ensure insightful decisions and a strategic path for pursuing or settling legal actions.
- > **Rapid Review** – rapidly narrow the data set to the most responsive and relevant documents. Reduce data by 64% to improve review time and hosting costs.
- > **Act Fast** – take control of case materials to make strategic, data-driven decisions quickly and accurately.

ADVANTAGES OF NUIX

Nuix Neo Legal unlocks unparalleled insights and strategic clarity in ECA. Ensuring cost-effective outcomes and efficient resource allocation.

Responsible AI: Practitioners can easily tune Nuix's no-code ethical AI to seamlessly categorize evidence and deliver significant improvements in speed and accuracy, while ensuring results are explainable and defensible.

Insightful decision-making: Customizable reports and dashboards facilitate review of similar cases and their outcomes as part of your early case assessment and budgeting, allowing a strategic approach to pursuing or settling cases.

Industry-leading processing: Nuix Neo Legal's patented processing ingests and makes sense of large volumes of case data. Our workflows are scalable, flexible and automated, supporting faster reviews, rapid reporting and reducing resource demand.

Over 1,000 file types supported: Nuix Neo Legal aggregates data sets from disparate sources, analyzing at more than 1,000 file types at speed. Nuix interrogates data from other digital forensic tools you may have invested in.

Cohesive Collaboration: Combine collective knowledge in real time. With a single window into litigation data, case strategy, evidence and reports, insights are shared securely. Streamlining collaboration while maintaining control and compliance.

SMARTER INSIGHTS, STRONGER STRATEGY

Uncover and understand the case data you need, fast. Able to aggregate data sets from numerous sources, Nuix Neo Legal reduces time to insight, empowering legal departments, firms and practitioners to make decisions faster and move cases forward more efficiently.

Nuix Neo Legal provides AI-driven insights to the likely outcome of cases based on past data, allowing legal departments to craft better strategies and keep clients informed about potential risks or opportunities.

Nuix (www.nuix.com, [ASX:NXL](https://www.asx.com.au/ASX/NXL)) is a leading provider of investigative analytics and intelligence software, that empowers our customers to be a force for good by finding truth in the digital world.

We help customers collect, process and review massive amounts of structured and unstructured data, making it searchable and usable at scale and speed, and with forensic accuracy.

WHO NEEDS NUIX NEO LEGAL FOR EARLY CASE MANAGEMENT?

Organizations, legal departments and law firms need Nuix Neo Legal to analyze data and make strategic case management decisions, faster.

Ask yourself:

- > Are you overwhelmed by huge volumes of case data from different sources and file types?
- > Are you spending too much time collecting, managing and tracking case data?
- > Are you able to automate the process of getting data into the system? Including administrative tasks like collection and legal hold?
- > Are you wasting money sending large volumes of irrelevant data to third parties for long term review hosting?
- > Can you efficiently review email communication to determine who knew what when?
- > Are you concerned with the amount of sensitive data that you are sending out for review?
- > Are you able to make informed decisions during ECA by quickly analyzing past cases?
- > What is the impact on your team of taking too long to decide whether to pursue legal actions or settle cases?
- > What is the impact on your client of failing to review case data in an accurate, timely manner?
